Among the many Abenaki words that survive today is ‘winnisquam’, a language that derives from the better-known Algonquian that was once spoken in this region until the 1700s. ‘Pleasant waters’, its pseudo-English description, aptly captures the quiet clear waters that the region is famed for.

At [the Lake Estate](#), people can spend some time in the surrounding region, in which they can appreciate the art of the region as well as, and, more importantly, its history. Meredith is a small town that is just a short distance from the resort. Like many traditional towns of New England, it boasts a Main Street where one can find several antique stores, as well as the Mill Falls Market.
